

Theodore Roosevelt National Park

Elk Management Volunteer Application

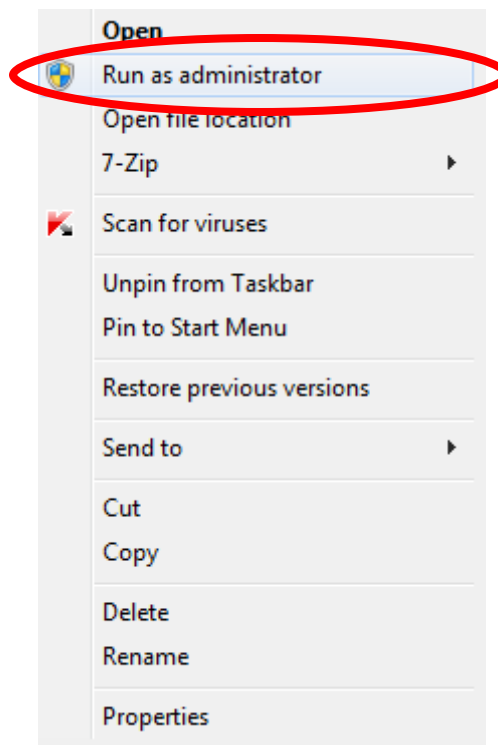

WINDOWS VISTA AND 7 SPECIAL INSTRUCTIONS

Users of Microsoft Windows Vista or Windows 7 operating systems may experience problems due to user account system settings. If you are a Windows Vista or 7 user see instructions below to aid in solving submission problems.

Step #1. Close all Internet Explorer windows. Restart Internet Explorer as an administrator by *right-clicking* on your Internet Explorer icon and selecting **“Run as Administrator”** (see Figure #5)

Figure #5. Start Internet Explorer as an administrator in Windows Vista or Windows 7

By completing the step detailed above, you should be able to complete an Elk Reduction Volunteer Application when using Windows Vista or Windows 7.
